Features

Our most budget-friendly cart features a simple, lightweight design and is highly manoeuvrable thanks to its unique star-shaped wheel base—making it ideal for use in busy patient bays.

- ✓ Simple hand-operated height adjustment.
- ✓ Slide-out mouse tray for left or right-handed use helps to save space on the work surface.
- ✓ Can be configured to allow for the addition of a range of accessory configurations.
- ✓ Work surface is durable and resistant to hospital cleaning agents.

Benefits

- Small footprint makes the cart easy to position in busy bays.
- Conveniently placed grab handles allow precise and easy movement.
- Five-wheel base provides smooth and stable movement and turning, with two lockable wheels to keep the cart in place.
- Designed for infection control and ease of cleaning.
- An ergonomically-designed base allows the user to find their perfect standing or seated position.
- Front metal shelf allows for storage of any papers or folders, helping to keep the work surface tidy.
- Rear compartment under the work surface provides space for clean cable management.
- Comprehensive 5-year cart warranty.

Areas of use

Ideal for providing access to electronic patient records in areas such as:

- A&E / ED
- Theatres
- Wards
