Features

Access varied medication at the point of care with the MedStore Extra. A unique door design provides safer bottle storage and a large number of drawers are ideal for organising medication and reducing the need to restock, saving you time while working. It can also be used as a phlebotomy solution.

- ✓ Provides a central workstation for ePMA at the point of care.
- ✓ Integrated bottle storage within the door helps to organise and safely store liquid medication.
- ✓ Can be configured to allow for the addition of a range of accessories and drawer configurations.
- ✓ Work surface is durable and resistant to hospital cleaning agents.

Benefits

- Small footprint makes the cart easy to position in busy bays.
- Slide-out mouse tray for left or right-handed use helps to save space on the work surface.
- Conveniently placed grab handles allow precise and easy movement.
- Castors provide smooth and stable movement even across uneven surfaces, such as thresholds.
- Front two wheels are lockable and ensure the cart remains stationary when in use
- Designed for infection control and ease of cleaning.
- Drawers and trays can be configured to different depths.
- Secure lockable storage allows for access to medication. Digi, keyed, and RFID lock options are available.
- Comprehensive 5-year cart warranty.

Areas of use

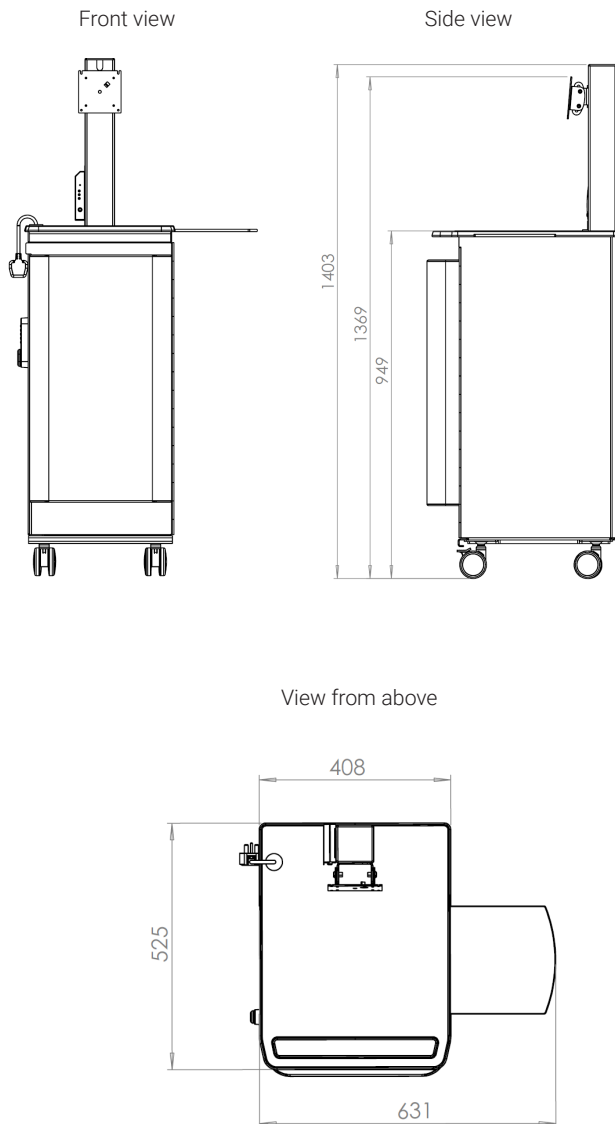

The MedStore Extra is ideal for providing access to electronic patient records as well as secure access to medication in areas such as:

- A&E / ED
- ICU
- Phlebotomy clinics
- Theatres
- Wards
